

BOARD OPERATIONAL GOALS

The Board of Education, as a legally constituted body of elected representatives, has the important responsibility of setting policy for the school district. The Board acts in accordance with authority and responsibility vested in it by federal and state laws, rules, and regulations on behalf of the district's citizens.

In order to ensure that its educational programs provide all students with a high-quality education, the Board hereby establishes as its goals:

1. to work closely with the community to ensure that Board actions and performance take into consideration the concerns and aspirations of the community;
2. to identify the educational and technological needs of the community and industry, and to transform such needs into programs aimed at stimulating students and preparing them for future careers within budgetary constraints;
3. to employ a Superintendent of Schools capable of ensuring that the district maintains its position as an outstanding school system, and that school personnel carry out the policies of the Board with energy and dedication;
4. to provide leadership in order that goals and objectives of the district, as set forth by the Board, can be effectively carried out. Board action should be confined to policy-making, planning and appraisal with the Board delegating authority to the Superintendent for the implementation of policies; and
5. to evaluate the Board's performance in relation to these goals, and to establish and clarify policies based upon the results of such evaluation.

SCHOOL BOARD LEGAL STATUS

The Board of Education is a five-member Board elected by district residents. Each member of the Board serves for three years. The terms of office of Board members shall not all expire in the same year. Board members are responsible for school district management and policy-making.

The legal status of the Board is that of a corporate body established pursuant to the laws of New York State. Any liability of the district is a liability of the Board of Education as a corporation and not that of the members of the Board as individuals.

Members of the Board of Education have legal authority for the conduct of the district schools only when acting as a body in a properly convened session. It exists as a unit and it cannot evade its responsibilities or give away its powers. Board members acting as individuals have no authority over personnel or school affairs.

The Board will not be bound in any way by any individual's statement or action unless the Board, through an adopted policy or by a majority vote of Board membership, has delegated this authority to the individual member.

The Board is entrusted with the responsibility of developing policies under which the district is managed. In addition, the Board has all the powers and duties stated in the Education Law and other applicable New York State law.

Complete and final authority on all district educational matters, except as restricted by law, will be vested in the Board.

The polls shall be open for those hours designated by the district. The following items shall be voted upon:

1. the annual budget,

Each petition shall be filed with the District Clerk not later than 30 days preceding the Annual Meeting and Election at which the candidates so nominated are to be elected.

The District Clerk will supervise the procedure used to establish the order of names on the ballot. The Board may reject nominations if the candidate is ineligible or has declared an unwillingness to serve.

If a candidate's campaign expenditures exceed \$500, the candidate must file a sworn statement with both the district clerk and the commissioner of education itemizing their expenditures and contributions received. The statement must list the amounts of all money or other valuable things paid, given, expended or promised by the candidate, or incurred for or on the candidate's behalf with his or her approval.

A candidate who spends \$500 or less is only required to file a sworn statement with the district clerk indicated this to be the case. No other campaign expenditure statement is required.

An initial statement must be filed at least 30 days before the election, a second statement must be filed on or before the fifth (5th) day preceding the election and a final statement must be filed within 20 days after the election.

VOTING PROCEDURES

Eligibility to Vote

A person shall be entitled to vote in any school district election and in all matters placed upon the official ballot, if such person is:

1. a citizen of the United States;
2. at least 18 years of age;
3. a resident within the school district for a period of 30 days immediately preceding the election at which such person desires to vote;
4. qualified to register or is registered to vote in accord with section 5-106 of the Election Law which excludes:
 - a. those convicted felons who have not been pardoned or had their rights of citizenship restored, those whose maximum sentence of imprisonment has not expired; and/or those who have not been discharged from parole;
 - b. persons adjudged mentally incompetent by a court.

Challenges to voters believed unqualified to vote may be undertaken pursuant to Education Law provisions. Each annual or special election or meeting shall have a presiding chairman appointed by the Board. Such chairman shall have the responsibility, together with the District Clerk of properly handling any challenges to the qualification of any voter.

Voting

Voting machines shall be used for recording the votes on all elections, budget votes, and votes on special propositions. The only exception to the use of voting machines shall be in emergency situations whereby the machines are unavailable due to a mechanical failure or state or local law prohibiting their use. If this should arise, paper ballots will be used.

Each voting machine shall have at least two election inspectors appointed by the Board in attendance during all voting hours. It shall be the duty of the District Clerk and assistant clerk or clerks to keep a poll list containing the name and legal residence address of each person before such person is permitted to vote.

Entering a voting machine with another person is prohibited, except upon request from a voter, in which case an election inspector shall be allowed to enter the voting machine with that voter for the sole purpose of assisting that person in the actual manipulation of the voting machine. The election inspector shall not advise or induce such voter to vote on any proposition or candidate, and the election inspector shall never reveal the vote(s) recorded by the voter to any other person at any time.

Write-in ballot slots are required on the voting machines and on all paper ballots for elections. On a paper ballot, one blank space will be provided under the name of the last candidate for each office so that voters may vote for candidates who have not been

nominated for the offices to be filled at the election. There will be as many write-in slots as there are vacancies at the time of election.

The writing in, with a black lead pencil or pen, of a name in the blank space so provided, will sufficiently indicate a vote. The district cannot require a voter to place any other mark beside the name of a write-in candidate.

Absentee Ballots

The Board provides for the use of absentee ballots for voting. Such ballots shall be available for the election of members of the Board of Education, the adoption of the school district budget, and on questions and propositions submitted to the voters of the district. The application must be received by the District Clerk at least seven days prior to the election, if the ballot is to be mailed to the voter; or the application must be received by the day before the election, if the ballot is to be personally picked up by the voter. The application must be completed and returned, and the individual must verify therein that he/she meets all voting requirements, and explain the reason for his/her inability to appear in person to vote.

The district shall request registration lists from the Board of Elections for those voters whose registration record has been marked “permanently disabled” and shall automatically mail absentee ballots to such voters in advance of each district vote or election.

SCHOOL DISTRICT OFFICER AND EMPLOYEE CODE OF ETHICS

The Board of Education is committed to avoiding any situation in which the existence of conflicting interests of any officer or employee may call into question the integrity of the management or operation of the school district. The Board recognizes that sound, ethical standards of conduct serve to increase the effectiveness of district officers and staff as educators and public employees in the community. Adherence to a code of ethics promotes public confidence in the schools and furthers the attainment of district goals.

The Board also recognizes its obligation to adopt a code of ethics setting forth the standards of conduct required of all district officers and employees under the provisions of the General Municipal Law. Therefore, every officer and employee of the district, whether paid or unpaid, shall adhere to the following code of ethics.

Statutory Conflicts of Interest

It is a conflict of interest for a Board member, officer or employee to benefit personally from contracts made in their official capacity.

- “*Contract*” is defined broadly to include any claim or demand against the district or account or agreement with the district, whether expressed or implied which exceeds the sum of \$750.00 in any fiscal year.
- An “*interest*” is defined as a direct or indirect benefit that runs to the employee as a result of a contract with the district.

No Board member, officer or employee shall have an “*interest*” (i.e., receive a direct or indirect benefit as the result of a contract with the district) in:

1. a firm, partnership or association in which he/she is a member or employee;
2. a corporation in which s/he is an officer, director or employee;
3. a corporation in which s/he, directly or indirectly, owns or controls 5% or more of stock;
4. a contract between the district and his/her spouse, minor child or dependents, except for an employment contract between the school district, a spouse, minor child or dependent of a Board member authorized by §800(3) of the General Municipal Law or §3016 of the Education Law.

Other Conflicts of Interest

1. Gifts: An officer or employee shall not directly or indirectly solicit any gift or accept or receive any gift having a value of \$75 or more, whether in the form of money, services, loan, travel, entertainment, hospitality, thing or promise, or any other form, under circumstances in which it could reasonably be inferred that the gift was intended to influence him or her in the performance of his or her official duties or was intended as a reward for any official action on his or her part.

2. Confidential information: An officer or employee shall not disclose confidential information acquired by him or her in the course of his or her official duties or use such information to further his or her personal interest. This includes matters discussed in executive session. However, the Board, acting as a whole, may decide to disclose such information where disclosure is not prohibited under the law.
3. Representation before the Board or District: An officer or employee shall not receive or enter into any agreement, expressed or implied, for compensation for services to be rendered in relation to any matter concerning the Hampton Bays school district.
4. Disclosure of interest in matters before the Board: An officer or employee of the district, whether paid or unpaid, who participates in the discussion or gives official opinion to the Board on any matter before the Board shall publicly disclose on the official record the nature and extent of any direct or indirect financial or other private interest he or she has in such matter. The term "interest" means a pecuniary or material benefit accruing to an officer or employee.
5. Investments in conflict with official duties: An officer or employee shall not invest or hold any investment directly in any financial, business, commercial or other private transaction that creates a conflict with his or her official duties. Exceptions to conflict of interest law can be found in Section 802 of the General Municipal Law.
6. Private employment: An officer or employee shall not accept other employment or engage in any business transaction or make any investments directly or indirectly which create a conflict with his or her official duties.
7. Future employment: An officer or employee shall not, after the termination of service or employment with the district, appear before the Board in relation to any action, proceeding, or application in which he or she personally participated during the period of his or her service or employment or that was under his or her active consideration.

Distribution of Code of Ethics

The Superintendent of Schools shall cause a copy of this Code of Ethics to be distributed to every member of the Board, every officer and employee of the school district. Each officer and employee elected or appointed thereafter shall be furnished a copy before entering upon the duties of his or her office or employment. In addition, the Superintendent shall ensure that a copy of Article 18 of the General Municipal Law shall be kept posted in each public building under the district's jurisdiction in a place conspicuous to the district's officers and employees.

Penalties

In addition to any penalty contained in any other provision of law, any person who shall knowingly and intentionally violate any of the provisions of the Board's code of ethics and its

accompanying regulation may be fined, suspended or removed from office or employment, as the case may be, in the manner provided by law.

Upon a majority vote of its members, the Board may convene in executive session at a place which the Board President or said members may designate within the district to discuss the subjects enumerated below. Matters which may be considered in executive session are:

AGENDA PREPARATION AND DISSEMINATION

The agenda is a device to ensure the orderly conduct of business at a Board meeting, to allow prior notification of items to be considered and to provide an opportunity for all Board members to be fully involved in the decision making process. It should not be used to restrict the right of any Board member to discuss any topic or to prevent district residents or staff members from placing legitimate concerns before the Board for discussion.

The Superintendent of Schools, in consultation with the Board President shall prepare the agenda for each board meeting according to the order of business.

Items of business may be suggested by the Superintendent, any Board member, the Faculty Association, individual employee, parent, student, or other member of the public.

Requests to place items on the agenda for a specific meeting should be made at least one week in advance of such meeting. Items submitted later than this time period may not be added to the agenda, unless the item is of an emergency nature and authorized by the Superintendent in consultation with the Board President.

It should be recognized that while every resident or staff member has the right to place an item on the agenda of a Board meeting for discussion and possible action, some issues and concerns may better be dealt with through other channels or may require prior discussion at other levels before Board consideration. The Superintendent, with the approval of the Board President, may request that an individual pursue an alternate course of action. However, if the individual insists, the item should be placed on the agenda for Board consideration.

The agenda shall specify whether the item is an action item, a consent item, a discussion item or an information item.

The agenda and any supporting materials will be distributed to board members at least five days in advance of the board meeting, if possible, to permit careful consideration of items of business. The agenda will be released to the news media including local newspapers, radio stations and television stations in advance of the meeting. The agenda will also be available in the Superintendent's office to anyone who requests a copy.

The District Clerk shall be responsible for ensuring that the agenda is available to the public and the media.

BOARD MEETING PROCEDURES

Each Board of Education meeting shall be conducted in an orderly manner which provides time for and encourages community involvement. The Board of Education will use parliamentary procedure according to Robert's Rules of Order, as a guideline. The order of business at each regular meeting may be as follows:

1. Opening Procedures
 - a. Call to Order
 - b. Pledge of Allegiance
 - c. Approval of Agenda
2. Clerk's Report
 - a. Approval of Minutes
 - b. Public Comment
3. Board Recognitions
4. Reports to the Board
5. Business and Finance
6. Student Services
7. Personnel
8. Superintendent's Report
9. Board of Education
10. Public Comment
11. Adjournment

The regular order of business may be changed at any meeting (and for that meeting only) by an affirmative vote of a majority voting for the proposed change in the regular order of business.

Except in emergencies, the Board shall not attempt to decide upon any question under consideration without the necessary and relevant information. The Superintendent shall be given an opportunity to examine and to evaluate all such information, and to recommend action before the Board attempts to make a decision.

The Board may adjourn a regular or special meeting at any place in the agenda providing that arrangements are made to complete the items of business on the agenda at a future meeting.

The minutes shall make notice of the adjournment, and the reconvened session shall be considered an addition to these minutes.

To make efficient use of meeting time, the Board authorizes the use of a consent agenda as part of its regular meeting agenda. The consent agenda will condense the routine business of the Board (e.g., approving Board minutes, adoption of the agenda, approving CSE/CPSE recommendations, personnel items) into either a single motion or several categorical motions.

Items on a consent agenda will not be discussed prior to action. However, if any Board member believes that any item on the consent agenda requires discussion, the Board member may request that the item be removed from the consent agenda and placed on the regular agenda for consideration.

MINUTES

The Board of Education believes that open and accurate communication regarding its internal operations enhances the district's relationship with the public and provides a record of the district's progress towards its annual goals. Therefore, the Board will maintain a complete and accurate set of minutes of each meeting, in accordance with law.

The minutes shall constitute the official record of proceedings of the Board and shall be open to public inspection within one week of executive sessions and within two weeks of all other meetings. Minutes which have not been approved by the Board within this time frame shall be marked, "DRAFT." A draft of the minutes of each meeting shall be forwarded to each member of the Board not later than the time the agenda for the next meeting is disseminated.

The District Clerk shall be responsible for taking the minutes. The minutes shall conform to an established format.

All motions, proposals, resolutions, and any other matters formally voted upon by the Board shall be recorded in Board minutes. In recording such votes, the names of the Board members shall be called in alphabetical order, and the record shall indicate the final vote of each Board member.

If a Board member is not present at the opening of a meeting, the subsequent arrival time of such member shall be indicated in the minutes.

POLICY DEVELOPMENT, ADOPTION, IMPLEMENTATION AND REVIEW

The Board of Education is responsible for adopting and assessing the effectiveness of the written policies by which the district is governed. The Board recognizes that written policies are essential to district governance in that they:

- Govern effectively and efficiently across time, situations, and individuals.
- Provide the foundation and guidance for administrative action.
- Publicize the federal, state, and local rules that govern the district.
- Help to evaluate progress by including measurable outcomes, where appropriate.

Development

The Board is committed to developing written policies which:

- Clearly define the district's goals and objectives and reflect the Board's vision.
- Define roles and responsibilities and identify who is responsible for what.
- Provide the Superintendent and district staff with clear guidance regarding expected district administration.
- Allow for flexibility that is needed for day-to-day operations.
- Include measurable outcomes, where appropriate.

Any member of the Board, district staff, students, parents, district taxpayers or other member of the public may identify policy issues. Such issues shall be identified to the Superintendent who shall be responsible for submitting policy issues to the Board for consideration and for keeping a record of all policy initiatives submitted to the Board.

Before acting on any proposed policy, the Board will consider the relevant facts and input, from individuals and groups who will be affected by the policy, and discuss, and decide on the substance of the policy in open meeting.

The Superintendent shall be responsible for insuring that a written draft of all proposed policies is prepared. When reviewing the contents of a proposed policy, the Board will consider whether the proposed policy:

- Is within the scope of the Board's authority.
- Is consistent with state and federal law and the state and federal Constitutions.
- Supports the district's goals and objectives.
- Reflects good practice (e.g., educational, personnel, business, etc.).
- Is reasonable and not arbitrary or discriminatory.
- Adequately covers the subject.
- Is consistent with the Board's existing policies.
- Can be administered in a practical, cost effective manner.

Adoption

Once a proposed policy has been drafted, it shall be placed on the Board's agenda for a first reading, giving all persons interested in it an opportunity to express their views. The Board will not take any official action on any policy on first reading, unless a majority of the Board decides that it is necessary or advisable to do so. Otherwise it will be placed on the Board's agenda for a second reading, at which time the Board will officially act.

The Superintendent shall consult with the school attorney, as necessary, prior to the adoption or revision of any policy.

Implementation

The Superintendent and designees shall be responsible for implementing all policies adopted by the Board. This responsibility shall include: promulgating any necessary administrative regulations, ensuring that the policy is included in the board policy manual, and publicizing the policy as necessary to ensure that persons affected by the policy are aware of it.

The board policy manual shall be kept in the district office and made available to the public upon request. A copy of the board policy manual shall also be kept in each school building and any other locale specified by the Board.

Review

The Superintendent shall be responsible for informing the Board of any policies that must be reviewed annually, are out-of-date or in need of revision. In addition, the Board will review the policy manual on a periodic basis and update it as necessary to ensure that the policies are consistent with law and regulations, board goals and district practices.

SCHOOL BOARD CONFERENCES, CONVENTIONS, WORKSHOPS

In recognition of the need for continuing in-service training and development for its members, the Board of Education encourages the participation of all members in meetings and activities of area, state, and national school boards associations, as well as in the activities of other educational groups. Board members are encouraged to study and examine materials received from these organizations as well as publications and tapes available in the Board's own library.

In order to control both the investment of time and funds necessary to implement this policy, the Board establishes these principles and procedures for its guidance:

1. The Superintendent of Schools and District Clerk will compile, maintain, and distribute to each Board member a calendar listing school board conferences, conventions, and workshops, to help the Board decide which meetings appear to be most promising in terms of producing direct and indirect benefits to the school district.
2. The Board will reimburse conference attendees (Board members) for reasonable and necessary expenses not paid for directly by the district (travel, hotel, meals, registration fees).
3. When any Board member attends a conference, convention, or workshop, the member will be requested to share information, recommendations, and materials acquired at the meeting.
