## NEW RECREATION SOFTWARE PROGRAM

The Town of Southampton Parks and Recreation Department is excited to announce the launch of our new recreation software program. The online registration and reservation system will make it easier than ever to sign up for programs, book facilities, explore all our activities, and get event information in one place!

If you've had an active account within the past 3 years we have migrated information over from our former recreation software and created an account for you in our new system. While you won't be able to register for summer programs until May 6th, we encourage you to log in now and get familiar with the site by following these four simple steps:

### GO TO

[www.southamptontownny.gov/parksonline](http://www.southamptontownny.gov/parksonline)

1. To log into your account, input your email and select the "Forgot Password" option.
2. You will receive an email containing a temporary password.
3. After setting your new password, you may be required to submit updated proof of residency documents to qualify for a "Resident" account.
4. Once logged in, please make any necessary updates and upload required documents, such as your driver's license and proof of residency (including a tax bill or three current utility bills from the past six to twelve months) in the document upload section.  
(Tax bills can be accessed at <https://etax.southamptontownny.gov>)
5. Ensure that your emergency contact information is current and accurate.

## NEW ACCOUNTS

If you need to setup a New Account, click on "Sign Up Now" to create one. Fill in all of your information and upload ALL required documents. By default, your account will now be setup as a "Non-Resident" until your proof of residency documents are approved. Once your documents are approved, your status will be updated to "Resident" and you will receive an email notification.

**Please Note:** If you want to sign up as a non-resident before waiting for approval you can, but fees paid at the non-resident rate won't be refunded when your status changes.
